

DARE TO DO MORE

Dear Colleagues,

I am writing to inform you that updates regarding plans for the Fall 2021 semester are posted on the College's coronavirus webpage. Please note that the page also enables you to submit questions/comments you may have:

<https://www.laguardia.edu/coronavirus/>

Currently, plans have been submitted from departments and divisions regarding on-campus presence in the fall. The College's Reopening Committee, led by Denise Gomez, has been working diligently over the past few weeks to review these plans and determine the facilities and logistics needed for a safe return in each case. We have been planning for a 25% return; when the plans are all reviewed, we will be able to provide an estimate of how many people are expected to be on campus (while aware that conditions in September may affect current plans). As more information becomes available, additional updates will follow.

Best, Paul
